

"Take Me Out to the Ball Game"

On Sunday, August 29th, the JP4 Foundation will be hosting a free baseball clinic for the kids and families of [HopeKids](#), [Crescent Cove](#), [Special Olympics Minnesota](#), and the [Challenger Division of Blaine](#), at the University of Northwestern.

At this event, kids of all ages will be able to participate in a 90-minute baseball clinic run by local ball players, enjoy a ballpark meal with all of the fan favorites, and then watch and cheer on those same players as they compete against each other in an exhibition game. It's bound to be a memory-making day for the entire family!

The cost of this annual event is underwritten by the JP4 Foundation. If you would like to sponsor a kid or family to help defray costs, use the link below to submit a donation of any size.

Hitting Home Runs & Enriching Lives

When can you score a home run without ever hitting a ball? For The JP4 Foundation, an organization committed to enriching the lives of youth through baseball, home runs come when the kids at their summer camps feel safe enough to build meaningful relationships with their coaches and in the process, begin to understand how much they each matter.

And scoring actual home runs? “That’s the cherry on top,” said Executive Director, Jeff Huth. “The number one thing I tell our coaches is that I really don’t care if they know anything about baseball; I can teach them that. But they’ve got to really care about kids and be able to show up every week to develop those relationships with them. That’s really what it’s all about.”
