

NATIONAL MENTORING MONTH

January is National Mentoring Month, and we are excited to highlight the invaluable contributions of our outstanding mentors. They are the heartbeat of our program, and we owe our success to their dedication.

Our mentors typically span ages 18-30 and hail from diverse backgrounds and walks of life. Whether working full-time, pursuing studies in aerospace engineering, or starting up their own business, each mentor brings a unique perspective to our community.

Our mentors' commitment is truly commendable, and we express our heartfelt gratitude towards them. To get better acquainted with our exceptional team, **we invite you to visit the link below** and delve into the profiles of these remarkable individuals.
