

For the remainder of the year, the JP4 Foundation is **working to fill a \$67,000 gap to ensure 120 St. Paul kids** can participate in our Diamond Club mentor-led after-school program for the entire school year. For us to be able to do this, we need to close our budget deficit before the end of the year.

**Why Diamond Club?** Children with a high prevalence of Adverse Childhood Experiences develop long-term physical, emotional, and mental well-being challenges. The number one protective factor against the negative impacts of a turbulent childhood is at least **one positive relationship** with a caring and supportive adult. Diamond Club mentors foster trusted relationships and support students in developing essential social-emotional and academic skills.

Our theme for the remainder of the year is **Be the One for One**. We are asking for **everyone** - individuals, people, families, or groups to **Be the One** for one of our Diamond Club students. Please help us provide mentor relationships that promote emotional well-being, resilience, and positive life outcomes, helping children overcome adversity and build healthier, more fulfilling lives.
